# ABOUT NTK

Established in 1996, NTK Academic Group is a **registered school and leading educational service provider** in Hong Kong. We specialise in academic tuition for students following international and local curricula, standardised test preparation, and consultation services.

We offer an **unparalleled range of courses covering all major subjects and curricula**, including the IB Diploma, SAT, SAT Subject Tests, SSAT, AP, ACT, TOEFL, I/GCSE, GCE A-Levels, Common Entrance Exam, IELTS, GMAT, as well as other internationally-recognised exams. We are an **official ACT Test Centre and Edexcel Academic Partner Centre**. Our AP courses are authorised by College Board.

Our team of **experienced and professional education consultants** provide academic planning and consultation services. We are also a **fast growing publisher** with more than 45 study guides published and available in major bookstores worldwide.

# ARE YOU THE RIGHT ONE FOR NTK?

We seek future educators who believe in our educational philosophy and embody **enthusiasm, passion, commitment, and dedication**. Our metrics for matching candidates are:

Highly committed to teaching and challenge-driven

Outstanding interpersonal skills and language proficiency

Excellent academic achievements with relevant subject backgrounds

Strong critical thinking skills and leadership skills to motivate others

Good team player who is confident, patient, and detail-oriented

All candidates (fresh graduates, postgraduates, or PhD degree holders) will be considered as long as they demonstrate the attributes and potential to be a successful teacher.

# WHY TEACH AT NTK?

## REASON 1

### Unparalleled Teaching Experience

At NTK, teachers can explore diverse curricula and best teaching practices in an intellectually stimulating environment. Our students come from various cultural and educational backgrounds, and many teachers are alumni of world's top universities, holding accolades from bachelor's degrees to PhDs and sharing a passion for teaching.

More importantly, the unique small-class teaching experience allows for closer attention and interaction with students, enhancing their learning development significantly.

## REASON 2

### Professional Development

NTK develops individualised plans that align with teachers' interests and strengths to help them enhance leadership and teaching skills.

By managing teaching projects, developing learning materials, becoming well-trained education consultants, or attending workshops to qualify as official international curriculum examiners, teachers would be equipped with industry practices and organisational management skills, preparing them for roles as heads of departments or campuses.

## REASON 3

### Extensive Training and Support

All teachers attend comprehensive training programmes and have access to extensive resources upon joining our team.

Training emphasises teaching skills, language competencies, and subject knowledge, with individual mentors assigned to offer guidance on effective teaching methods.

Teachers can expand their knowledge and expertise through training in various curricula, syllabi, and subjects. Those wishing to specialise further in one subject can pursue roles as teacher trainers or subject coordinators.

## REASON 4

### Comprehensive Rewards

Competitive salary and various welfare benefits are offered to full-time teachers, with the remuneration package increasing with consistently outstanding performance. Teachers are encouraged to participate in the upskilling scheme to broaden their horizons and realise their visions as educators.
